FEATURING THE NASDAQ DIVIDEND ACHIEVERS™

NASDAQ OMX® is one of the largest providers of dividend-themed indexes, based on benchmarked assets. Our growing Dividend and Income Index Family covers a variety of income-generating indexes, including The NASDAQ Dividend Achievers™, the leading brand of indexes tracking companies with consecutive dividend growth.

These unique and innovative indexes track and benchmark companies that continually increase shareholder value through dividends, buybacks, covered call payments and multi-asset income strategies for high yield. The Dividend and Income indexes were all created or revised with rules-based methodologies for transparent and objective calculation.
