¹ Nasdaq ISE, Nasdaq GEMX and Nasdaq MRX Rules 706 allow market participants to enter into sponsored access relationships. Sponsored Access is defined in these rules as an arrangement whereby a member permits its customers to enter orders into the exchange's trading system that bypass the member's trading system and are routed directly to the exchange, including routing through a service bureau or other third party technology provider. If you have a sponsored access arrangement, you are required to disclose that relationship by sending an email to membership@nasdaq.com. Please indicate the party that is being sponsored by your firm and on which market. This information is utilized for both regulatory and operational information in granting access.

All services and products requested on this form are governed by the terms in the Nasdaq U.S. Services agreement http://www.Nasdaqtrader.com/content/AdministrationSupport/AgreementsTrading/Nasdaq_access_agreement.pdf and the Nasdaq Transaction Services Policies <http://www.Nasdaqtrader.com/Content/AdministrationSupport/AgreementsTrading/NTSPolicies.pdf> document. If you do not receive a written confirmation from Nasdaq within 3 business days that your request has been received and processed, please contact Nasdaq Subscriber Services at 212 231 5180 or subscriber@Nasdaq.com.

Please be advised that beginning on January 2, 2013, all new port requests from subscribers must be received no later than 3:00PM EST to guarantee processing for the next trading day. In the event that Nasdaq receives a request after 3:00PM EST, every effort will be made by Subscriber Services to process the request for the next day, but delivery will not be guaranteed. In all cases, Subscriber Services will respond promptly with an estimated date of completion.
