

## Energy Broker Incentive Program

### Program Purpose

The purpose of the Energy Broker Incentive Program (the “Program”) is to incentivize Off-Exchange Reporting Brokers (“ORBs”) to increase the volume they submit to NFX as Block Trades via Nasdaq-Port in the energy products listed below. The resulting additional liquidity should benefit all participants in the market.

### Product Scope

The following energy products (“Products”) that are submitted for clearing by ORBs via Nasdaq-Port and then cleared by The Options Clearing Corporation:

Products	Trading Symbol	Payment (per cleared contract side except Power, Argus Crude Futures and Dry Freight)

\*NFX Net Revenue is defined as NFX Transaction Fees less the Baltic Exchange Fee. However, effective December 1, 2018, the broker incentive will instead be \$0.25 per contract for all customers who pay the NFX standard fees. Once a customer achieves a volume discount there will be no further incentives paid for that customer.

**Eligible Participants**

Any ORB registered with the Exchange is an eligible participant. There is no limit to the number of ORBs that may register with the Exchange and participate in the program by submitting Block Trades. ORBs must have login credentials in order to submit Block Trades in the Products.

**Program Term**

The Program Term will expire on May 31, 2019.

**Hours**

N/A.

**Program Obligations**

All ORBs must be registered with the Exchange and may only submit Block Trades eligible for incentive payments after they have obtained login credentials. Participants must disclose the accounts in which they plan to submit matched trades.

### **Program Incentives**

Upon meeting all Program obligations, as determined by NFX, ORBs who submit Block Trades in the Products which are cleared will be eligible for the incentives set forth in the table above under Product Scope. However, NFX will not pay incentive payments where the ORBs customer is receiving a benefit through another NFX incentive program (except those ORB customers who are receiving a benefit in tiers 2 and 3 through the Quote Liquidity Provisioning Program – who will continue to receive this benefit).

### **Monitoring and Termination of Status**

NFX shall monitor trading activity and participants' performance and shall retain the right to revoke Program participant status if it concludes from review that a Program participant no longer meets eligibility requirements.
